1.0 Introductions and Apologies

-Sofia sent apologies

2.0 Residences Update

-Kimberly asked Halls Reps what the reaction was to the balloons which were put up in Residences for Ella's Sex and Relationships Month. The consensus was that it was well received.

-Kimberly mentioned BLSA Week to the SMD Halls Reps and suggested they contact Tom to get involved. Halls Reps to encourage students to attend the mixer would be helpful.

-Genesis Cinema- Kimberly pitched the idea of Halls Reps leading an initiative to get students together to watch films at Genesis. Halls Reps to choose a film they would like to see and then get a free ticket to see the film. Kimberly asked if interested Halls Reps could let Ella and Kate know.

-Associate students. Kimberly asked how well they had settled in. The general consensus was that they had settled in well but that most of them wanted to spend time with other associate students rather than flatmates.

3.0 Halls Reps Projects

-Ella asked what projects halls reps want to do as we tried to organise something last term then not many Halls Reps said they would attend. Halls Reps said they didn't go to that event as they had exams at the end of term.

-Asked Halls Reps if anyone was interested in Kimberly's cinema idea. The majority of the Halls Reps were. Natasha will be the lead on this project. Halls Reps requested we start this next month as there isn't too much on at the cinema currently.

-Halls Reps suggested to have food after the cinema so they could speak to students. Kate will ask Kimberly about this.
