

Should the Union create a Give Blood UK Event?

Proposed by: Charles James Sparkes

Seconded by: Libby Eve Taylor Welch

What do you want?

For the Union to help create an event that brings awareness to NHS Blood Donation/Give Blood UK.

Why do you want it?

With a recent national shortage of blood, there is a need for more donators as well as a demand for more Black/Minority donators to join.

What impact will this have?

This event could help more young people to join and save lives.
